Subject: DVD schematic clarification of red crosses used in the schematic document for the device DVD Loader Unit D189050

FCC IC Number: 2AAKLD189050

To whom it may concern

Red crosses on the schematic exhibit indicate removed components and are not assembled on the product. Also the antenna symbol on P7 is removed because it is not a discrete component and is a part of the PCB copper screen.

Yours faithfully,

Damian Trybuszewski
Development Manager
